

# FPDS- NG

- FY04 - No change, continue to use DD1057s and DD350s at same dollar thresholds
- FY04 - Keep up to date on processing DD350s, it will get ugly to process late ones in the middle of a change over on 1 Oct.
- FY05 - No more DD1057 fields
- FY05 - No later than 1 Oct 04 - SPS, ConWrite, ACPS, COINS to interface with FPDS-NG
- DoD is working proposals to improve the process for the folks in the field. Issues we are addressing: contingency, classified, remote processing, GPC, multiple CARS against one contract action, multiple actions on one CAR, overseas DUNS and CCR
- I've written the draft case and it is circulating
